HIV Prevention in Adolescents and Young People in the Eastern and Southern African Region: A Review of Key Challenges Impeding Actions for an Effective Response

The Open AIDS Journal, 2018, 12: 53-67

Correction

The corrections are provided and replaced online which is mentioned as under:

Original:

Current ethical and legal standards in most countries in the ESAR make it difficult to conduct health research with people under the age of 18 years [56] orphan 4. 4.

Corrected:

Current ethical and legal standards in most countries in the ESAR make it difficult to conduct health research with people under the age of 18 years [56] .

Original:

Some countries (*e.g.*, South Africa, Zimbabwe and Namibia) largely fund their HIV treatment programmes [77, 83] orphan 5, and domestic financing for HIV responses tend to be more secure and sustainable.

Corrected:

Some countries (*e.g.*, South Africa and Namibia) significantly fund their HIV treatment programmes. [77, 83].
